## Placentia recall petition fails required signatures

Jean Pappas and Virginia Farmer, members of the Save Our City Committee, have presented their completed petitions seeking a recall of Councilmembers Betty Mead and Peter Laborde to the city clerk.

The petitions received contained about 80 percent of the 3,612 registered voter signatures required to file the petitions, which is the next step in the recall process.

The committee members requested that the city clerk's office authorize an extension of time for circulating of petitions for the stated reason that Councilmembers Mead and Laborde

"caused a chilling effect of the efforts of the Save Our City Committee to complete the orderly circulation of petitions within the time allowed."

The California Elections Code is clear

on the requirements for the deadline for filing the recall petitions and the clerk's office advised the committee members that the City Clerk does not have authority to grant the requested extension.

## Charter review

At last week's city council meeting, nominations were submitted by members of the council to serve on the charter review committee.

Mayor Richard Acton nominated planning commissioner Ed Houston. Councilman Norm Eckenrode selected former police chief Norm Traub. Councilwoman Betty Mead proposed attorney George Bean for the committee. Councilman Don Holt's choice was former mayor Bob Langer. Councilman Laborde selected Max Ellis, who, with Bean, served on the charter review

committee four years ago.

The committee is forming in response to a request by Mead following her disagreement with City Administrator Edwin Powell over the method of selecting the new chief of police. Mead felt that the council should have an opportunity to give input in the selection of important administrative personnel.

Under terms of the city charter, the council need not be consulted by the city administrator in hiring administrative personnel.

## Casa Placentia permit denied

Placentia City Council voted 3-2 to overturn a 4-2 vote of the planning commission and deny Casa Placentia a conditional use permit to operate at 322 W. Santa Fe St. In denying the permit, the council failed to endorse the city staff recommendation to allow the use.

Mayor Richard Acton joined councilmembers Betty Mead and Pete Laborde in votes against the permit.

Casa Placentia must now go into a hearing before the county board of supervisors to present their plan for youth counseling services without a facility.

Supervisors had suspended, then reinstated Casa's non-profit status during a temporary mix-up in filing proper paperwork with the Internal Revenue Service. County officials also have questioned the level of service

provided by the counseling organization which caused a delay in allocation of county revenue sharing funds to Casa Placentia.

Planning commissioners originally found that the use would not be detrimental to the health and safety of the community in general.

The location of the counseling center, in close proximity to two bars, was given as one reason for denying the

use permit.

Casa officials responded by saying that the location was in the heart of the community it served - close to the youth population that needed its programs the most.

## Mobile park inspections held in city

The City of Placentia currently has 590 mobilehome lots in four parks: Hacienda, Twin Palms, Del Cerro and Lakepark Placentia.

State law requires that the city make an annual inspection of each coach, lot and park noting violations, issuing correction notices and following up to make sure the violations are corrected.

During this past year, the city has revised the forms and bought all files up to date, established a regular inspection

The peculiar evil of silencing the expression of an opinion is, that it is robbing the human race; posterity as well as the existing generation; those who dissent from the opinion, still more who hold it. If the opinion is right, they are deprived of the opportunity of exchanging error for truth; if wrong, they lose, what is almost as great a benefit, the clearer perception and livelier impression of truth, produced by its collision with error.

"Of the Liberty of Thought and Discussion"

ASSEMBLYMAN JOHN LEWIS

## Tough anti-crime legislation needed

Assemblyman John Lewis has joined former tax crusader Paul Gann and state Republican leaders in warning the governor and legislature Democrats to start passing tough anti-crime legislation soon, "or else."

"Either the Democrats begin to back their anti-crime rhetoric with concrete action in the legislature," said Lewis, "or in June we will go to the voters with an anti-crime ballot initiative and remove the matter from the legislature's hands." The Orange County lawmaker said members of the majority party are talking up a storm about crime legislation, but dragging their feet when it comes time to act.

"We presented an anti-crime package to Assembly Speaker Brown over a month ago, and at that time he indicated that his party would completely cooperate in a bipartisan effort to get tough legislation passed. Unfortunately, since that time, nothing has happened. And those measures which have passed out of Criminal Justice Committee have either been too lenient or watered down versions of the original," said Lewis.

"The Democratic majority in the

legislature has been killing Republican anti-crime legislation for the last 10 years. It has only been since the crime issue has become politically attractive that the Demos have shown any interest in doing something about it," Lewis said. "I feel that their past inaction has contributed significantly to our present crime problems. It is the height of hypocrisy for them now to take over Republican initiatives and act as though they were truly concerned about the welfare of the law-abiding citizens or the victims of crimes."

"If there isn't an honest attempt made to get these measures passed by June, we will turn to the initiative process," Gann, who has already used the initiative process successfully to obtain property tax and government spending limit reform, will head the new anti-crime initiative which is aimed at the June 1982 ballot.

"It took almost 10 years of inaction on the part of the legislature before Californians finally were forced to enact property tax reform for themselves through Proposition 13," said Lewis. "We are not going to wait 10 years for criminal justice reform. There are too many lives at stake."

## Readers Write

Dear Editor:

I echo the clarion call for the residents of Placentia to wake up, as expressed in a recent letter by Robert Langer, former mayor of Placentia.

It appears that some questions need to be answered:

1. Why have so many volunteer groups in the city been alienated and rebuffed by the majority action of City Council members Acton, Laborde and Mead?

2. Why was a Use Permit DENIED to Casa Placentia at the City Council meeting May 5 by a 3-2 vote after many, many

long-time residents and volunteers from South Placentia pleaded for the City Council to grant the permit?

3. Why did the majority (or "gang of three" as Mr. Langer described them) find this permit to be detrimental to the welfare of the residents of the area when service to youth is that stated purpose of Casa Placentia?

5. How can every altruistic motive of so many residents, including the Council members Eckenrode and Holt, be twisted and doubted?

6. What are the motives of this small group as supported by Acton, Laborde and Mead?

In my opinion, the record certainly does not indicate that Acton, Laborde and Mead care about our community nor do they understand how to keep lines of communication open.

I urge the citizens of Placentia to express their dissatisfaction to Mayor Acton before it is too late by calling Dial-Ur-Mayor, 528-0722, any time, day or night.

Sincerely,  
Jean O. Pappas

Dear Editor

we are still in the process of soliciting funds for Glen Hastings Scholarship Fund. You have already been very supportive, but I am asking if you could again mention our efforts using some of the enclosed information.

Glen died on February 13, 1981. Durning his 51 years he excelled in many endeavors which included football, track, all star games and sports writing. In the world of high school sports, he stood for integrity, success and fair play. He never turned down a chance to donate his time to a charitable organization and, at all times, the improvement of our youth was his paramount goal.

Many individuals feel that a lasting tribute should be made to reflect our appreciation to Glen's work. We have set up a Perpetual Merit Award so that students may be honored annually in Glen's name.

Those interested in contributing should make their tax deductible donation to the 'Glen Hastings Memorial Fund' and mail it to: El Dorado High School 1651 N. Valencia Avenue, Placentia, California 92670. Any help you could give us will be appreciated.

Yours in Athletics,

William R. Clark

Dear Editor:

I was in attendance at the meeting of the Placentia School Board referred to in the May 7 issue and I don't feel the whole story has been published. I felt that it was a little strange that the board needed to meet in closed session prior to hearing the contesting bidders.

Did the board realize they may have a problem and have to get their stories straight? I was also very disappointed that no response (at the meeting or in the article) was given to the contractor from Ari-thane charges as to the irregularity of the board's handling of the whole bidding process and their charges that the omitted items were either not requested or

had been discussed with the board.

The only comment made regarding the charges was that the board's attorney had addressed the issues in correspondence to Ari-thane (which Ari-thane denied) so the public was not enlightened as to the responses to the charges.

All of this, coupled with the conflict-of-interest charge of the inspector and the board's seemingly no hesitation (money-wise) to take the third lowest bidder really makes me wonder.

As a taxpaying Placentia resident/property owner, I was outraged at the board's attempts to waste my and all the other Placentia taxpayer's money. Prior to hearing the contesting

bidders, there were many pleas and motions regarding expenditures for different programs for the children in the school district, some approved, some amended, and I'm sure some cut out before being voted on.

The \$20,000 to \$40,000 difference in the bids would have easily paid for all of the proposed programs. Had there not been contesting bidders present at the meeting, the third lowest bidder would probably have been approved for the jobs.

I don't know about anyone else, but I don't like to see my money wasted like that. I hope there will be a full investigation into these matters to find if there were any improprieties.

Sincerely,  
Dale A. Knudtson

Dear Editor:

On May 5, 1981 the Placentia City Council had an opportunity to express their concern for the Hispanic Community. They did so by scoffing at Casa Placentia, an agency whose only request was to be located where they are needed the most.

Casa Placentia is not just a name or a location but a spirit of dedication to help those who can not help themselves: the socially and economically deprived.

The board of Casa Placentia has devoted many hundreds of hours of hard work to put together programs that would be beneficial to the people who need them the most. Casa is a tool to achieve this.

If the city has a surplus of programs to help the Hispanic community then this is your opportunity. Lets see what you can do. We have done the best that we know how.

## JRT raffle

The Junior Round Table of Placentia is sponsoring as a major Ways and Means project the sale of raffle tickets for its "Restaurant Rendezvous."

Proceeds will be used by the club to continue to provide service to the community in the areas of community health, home life, cultural enrichment and public affairs. Participants in the raffle earn a chance for dinner for two at one of three Orange County restaurants. First prize winner receives dinner for two at The Cellar in Fullerton; second prize is dinner for two at Chanteclair, in Irvine, and third prize is dinner for two at Mr. Stox in Anaheim. The drawing will take place on June 30.

The Juniors are presently coordinating a community wide effort to purchase a tympanometer which detects hearing problems in school age children. The device is to become the property of the Placentia School District.

In the past the Juniors have given their financial support to the Women's Transitional Living Center for battered wives and their children by furnishing a two bedroom apartment.

Their Art Auction, in conjunction with the Placentia Guild of North Orange County Guidance Center, raises large sums of money yearly. The Juniors have also given their support to the Guidance Center's H.U.G. (Help Us Grow) building fund.

Two years ago they supported U.C.I.'s Children's Ward by donating materials for use to the patients.

Cheryl Brantly Kingham, doing graduate work in the public relations emphasis, was named Outstanding Graduate of the department.

Graduating in June, Kingham feels a career in public relations would be an ideal way to advance the science of communications.

to be remembered.

By the time you read this, we at the chamber will have voted for our new directors. Only seven out of 16 nominated will be chosen to work for you. The decision will be a hard one to make. All of the nominees are very qualified and are fine people. The seven who are elected will be notified and will attend the board meeting next Wednesday morning at 7 a.m. (a good way to break them in) to observe the meeting. At the meeting in June they will be in force. By July they may wonder what it is that they got themselves into.

It seems that the excitement is just starting and new beginnings are happening. Now we go right into the election of a new president for next year. Bev Pool has done a good job and has been one of the hardest working presidents we've had. We've had one of our best years, and we look forward to continuing the trend. The board nominates and elects the president and vice president, and then the president picks his or her secretary.

We want you to note that when the chamber votes, the percent of members voting far exceeds the turnout of voters from the city on issues such as mayor or U.S. president. The rest of you take heed of this example. Also, have you thought that

maybe the percent of the voting turnout at the municipal elections (although they may be low) are as high as they are because the chamber is out there voting on that too.

The steak fry scheduled for this Saturday has been postponed, due to unseen circumstances, until June 13. You can plan far enough ahead now to be there. Remember to bring your steak, a friend and potluck. There will still be swimming, pool, pinball, etc. We won't take any excuses because the kids aren't out of school yet and you haven't left for vacation.

Did you notice that it was "Chamber Awareness Week?" You should have - our banner is out in plain sight declaring it. It's on Imperial Highway right across from Main Street in what's left of Nixon Park. We had terrific response to our membership drive. Your merchants out there want to make a strong city and chamber. We congratulate you on your good sense and taste in joining us.

If you haven't been contacted, please call Don Peters at the chamber office and let him know. We really didn't mean to miss you and would at least like you to know we care about you. Give us the opportunity to tell you about us and why you should join our fine group. Come on now, don't just let

out a sigh of relief and feel you've been reprieved. Let us know that we neglected you. Now's the time to tell us of our mistakes.

Congratulations to Mr. and Mrs. Jack Hanscom on the adoption of their little son Johah. He's one month old. His proud parents are delighted, even though Jack couldn't tell me if he was a boy or girl. Jack is the person constructing the senior citizen affordable homes (Evergreens) on Yorba Linda Boulevard. We are pleased for you.

Did you make it to our chamber breakfast Wednesday morning? You don't know what you missed! Not only do you get a good breakfast, but you get to mix with interesting people and become informed at the same time. This breakfast was at the Yorba Linda Country Club. This is the first time for awhile that we have held it at this facility. When it is possible, we try our best to shop at home. Please do the same. Remember, a share of your tax money goes back to the city in which you shop. Keep the money here at home. Our city needs it.

Now what is it you are going to do next week...forgotten already? Well, first you are going to look for our banner (the one on Imperial), and secondly, you are going to call the

## River Lake Trout

The new Santa Ana River Lakes continue to produce very good trout fishing, reports lake manager Archie Bullock. Among the top weekend catches, too, was a lake record trout.

Greg Moore of Huntington Beach set the lake record for trout with a 7¼ pound rainbow that hit on cheese bait. Darrin Bellsham followed with a 6¾ pound trout on a Super Duper lure, and Mike McCleary of Buena Park had a 6½ pounder on a Panther Martin lure.

John Sommerville of Wilmington used a Z-Ray lure to take a 6-pound trout.

Bullock says the main lake in the three-

lake complex is being stocked weekly with trout, including periodic bonus stocks of lunker fish to 7 pounds or so. Also being stocked weekly and producing excellent catches of pansized trout, is the Kid's Pond adjacent to the main lake. The third lake, featuring bass and catfish, will

open for fishing on June 1.

The Santa Ana River Lakes are now open daily, says Bullock, and feature unlimited shoreline access for fishing, plus boat and motor rentals on the main lake. For reservations or information, call (714) 632-7851.

## Bicycle safty week schools participate

As part of Placentia Bicycle Safety Week, students from 13 area schools will participate May 18-22 in a bicycle safety project that's aimed at reducing the number of injuries to bicyclists and encouraging greater driver responsiveness.

The Placentia Bicycle Safety Program is co-sponsored by the Placentia Unified School District and the City of Placentia, in cooperation with the Automobile Club of Southern California. According to Sidney E. Munger, manager of the AAA's Placentia office and coordinator of the five-day campaign, the program will provide youth with the opportunity to learn about bicycle safety and the rules of the road.

Mayor Richard Acton will launch the bicycle testing at 9 a.m. Monday, May 18. A Bicycle Safety Testing Unit operator from the Auto Club will check students' bikes for mechanical problems and test the youngster's knowledge of safe bicycling principles.

Bike inspections will be conducted for third through sixth graders at the 13 elementary schools, with a Placentia police of-

ficer present. Using a modified dynamometer similar to those used in checking automobiles, the club's Bicycle Safety Testing Unit monitors such important items as wheel and frame and alignment, spokes, bearings and brakes. Handlebars, grips, lights and reflectors are checked at the same time.

Dates, times and schools are as follows: May 18, 9 a.m., Sierra Vista, 1811 N. Placentia Ave., and 1 p.m. Brookhaven, 1851 N. Brookhaven Ave., both in Placentia.

May 19, 9 a.m., Golden, 740 E. Golden Ave., and 1 p.m. Wagner, 717 E. Yorba Linda Blvd., both in Placentia.

May 20, 9 a.m., Fairmont, 5241 Fairmont Blvd., Yorba Linda, 11:30 a.m.; Glenknoll, 6361 Glenknoll Dr., Yorba Linda, and 2 p.m. Woodsboro, 7575 Woodsboro, Anaheim.

May 21, 9 a.m., Orchard, 1981 Kellogg Dr., Anaheim; 11 a.m., Rio Vista, 310 N. Rio Vista St., Anaheim, and 2 p.m. Van Buren, 1245 N. Van Buren, Placentia.

May 22, 9 a.m., Tynes, 735 Stanford Dr., Placentia, and 1 p.m. Topaz, 3232 Topaz Ln., Fullerton.

YOUR Pharmacist SPEAKS

**LINDA VISTA PHARMACY**

Our ability to hear is based on the effect of sound waves in the air which cause vibrations in the tiny bones in our ears. Otosclerosis is a disease characterized by a softening of these bones of the middle and inner ear. When the bones get so soft they cannot vibrate, they lose their ability to transmit sound waves and deafness follows.

It has now been learned that bones can be hardened and hearing restored by use of a drug that is effective for eight of every ten patients treated. The drug is sodium fluoride, the same drug that is commonly used to harden children's teeth, taken with vitamins and calcium to stimulate bone formation.

See your doctor at the first sign of any health trouble as well as for regular checkups. Then, see us for prompt, precise prescription service.

## Presidential Scholar

State Schools Superintendent Wilson Riles announced recently that 29 California high school senior are finalists in the 1981 Presidential Scholar Program.

Micael Melcher, of Valencia High School, is one of the remaining contenders in the nationwide contest which selects students in several areas including academic skill and leadership ability.

The finalists are chosen from more than three million high school graduating seniors in the United States. The Commission of Presidential Scholars selects students for accomplishments in

these areas: academic success, artistic talent, leadership and involvement in school and community.

"To be chosen, a finalist in this most prestigious program is in itself an outstanding honor," Riles said. "The list of 1,000 nationwide finalists will be narrowed to 141 students, he added. These will be the Presidential Scholars of 1981.

Winners are invited to Washington D.C., to receive the Presidential Scholars medallion. Certificates are presented to teach finalist and to the student's school in recognition of their outstanding achievement.

where quality is more than a slogan

Some call it the SLOSH-Town (which comes from San Luis Obispo Senior High School). Students at Cal Poly talk about anything old (over 25 or back in the '70s is "old.") At Poly Royal, the largest on-campus event west of the Mississippi, they say, some students wore t-shirts reading "Cow Poly."

\*\*\*

Poly Royal is an on-campus affair. It is an

open house with serious exhibits and with a complex university on display with tours and friends and alums looking and coming back.

It is a family festival with student-operated rides and booths and food of all kinds for sale all over the campus. The booths are the type where balloons are broken and people fall into water when balls hit targets. Small kids have a ball.

Big kids go to the rodeo or the tractor pull and home gardeners tour the OH exhibit and buy very fine plants at very good prices. A student grafted an avocado tree for us, explained it well, and then gave us the results.

The Mustang Daily staff produced a 48-page full-color edition in four sections in time equal to the commercial paper of the same day, if not better. It was on time and made a profit. Who

could ask for anything more?

\*\*\*

We had meals at the Olde Port Inne in Avila, McClintock's in Shell Beach and met Marge and Bob Helandar in Morro Bay at the Great American Fish House. Plessa in Pismo Beach still serves clam chowder from the same recipe as in the '30s and the stuffed clams are still great.

Our friends needed a place to stay at the peak of Poly Royal and Megan Backer at Megan's Friends, (805) 528-6645, came through and found them a place on the beach with breakfast for \$40. File that away for the next time you go to Hearst Castle. Many weekends, places run full around SLO-Town.

\*\*\*

We saw a bumper sticker recently which read: "Please do not drink and park." Also, "Accidents Cause People."

What do you call 100 singing morons drinking Tab and eating apples? The Moron Tab & Apple Choir, of course.

Ronald Reagan called Maureen and said he was sorry to miss the wedding but he promised to make the next one.

\*\*\*

What you have been watching is the process of a mere mortal moving into a status best described as hero. For instance: at one stand in Poly Royal the students put up a sign which said "John Wayne Food." That is all it said, and those walking by got a clear message.

President Ronald Reagan showed what is known as grace under pressure, and while many don't agree with some or all he may stand for, many of those same persons no longer identify the man with the policies directly.

That was part of that display of great emotion on the floor of the house. The cynic will say that involved was publicity and timing and the cynic is partially correct. But as part of the grace our president showed, by dealing directly with death by outrage, was that he also does not hold grudges.

He has proven not to be petty, his politics and political sense have proven better than expected and part of the clout goes not only with the new image and the larger-than-life status, but with the ability to define the roll of leadership in a manner which pleases people of varying beliefs and convictions.

This does not always

translate into votes, and getting the votes may not really solve as much as is hoped. But, despite the questions now before the public, which have the abrasive edges built in, we hear among young partisans debate aimed at solutions and not scuffles and thousands of people marched on a recent weekend and made their point with no big problems and some small arrests, etc.

It would be just as dull in this country as the Soviet Union is on the surface if all of us agreed on everything all the time. Part of what makes politics interesting is the resolution of differences in a free and open forum.

There are still plenty of problems around this spring, but somehow many seem manageable now, where a couple of years ago they didn't. Probably it is more image than reality and more tone than substance, but for the time being why not watch the Arabs deal with an oil glut. Why not the first annual Abu Dabbi dinghy races? Let them all go take a swim in their oil pool.

\*\*\*

Not being a Democrat, we weren't invited to the meeting of the Orange County Democratic Alliance. However, had we known they were going to present Tom Hayden with their inaugural "Rumpus Delicti Award" we might have gone out of our way to attend.

If you like Tom Hayden, stop reading now. If he bores you as he does many others, read on. To begin with, the award called Hayden, in all places, "Jane Fonda's Husband." That is the kind of mean stuff we like.

Then they noted that he had the presence to marry her millions in a community property state, thus, it says, "...liberating him from a life of terrorism and anarchy, solving his chronic unemployment problem but making him America's foremost guilt-ridden socialist millionaire." Truth can be fun.

The rest is more political and as we never discuss politics we will refrain. Fonda and Hayden are called the "Gang of Two," and while the phrase is a little overworked, why not just "one more time."

# 8 easy ways to save electricity.

Let's face it, the cost of energy is climbing and there's no end in sight.

But there are ways to conserve electricity in your home. Easy ways. Ways that will conserve energy and, in the long run, save you some money on your electric bill.

1. For instance, unplug second refrigerators when not in use. Check that refrigerator in the garage. Are you spending money cooling a can of cola?
2. Weather strip doors and windows.
3. Insulate your attic.
4. Turn off unnecessary lights.
5. In nice weather, dry your clothes outside.
6. When you do use your washer and dryer, make sure you use full loads. The same holds true when using your dishwasher.
7. When you're cooking, bake several dishes at once.
8. In summer, set your thermostat at 78° or above. In winter, 68° should keep you comfortable.

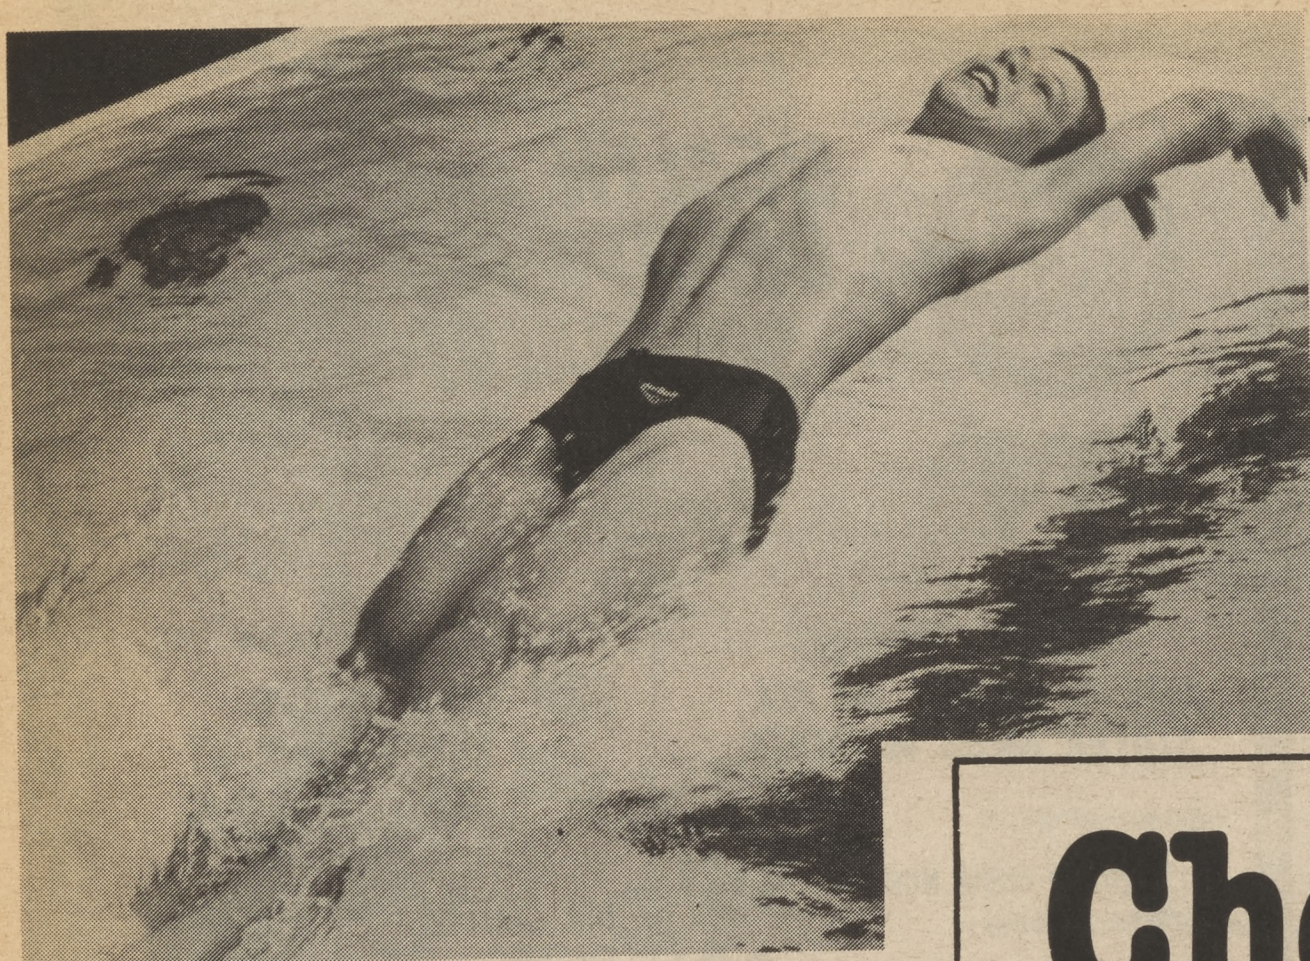

The higher energy costs climb, the more it pays to conserve. As a help, clip out and follow these 8 saving tips.

## YMCA OFFERS

### Backyard Swim

Backyard swim lessons for all ages will be offered by the Yorba Linda YMCA beginning Monday, June 15. There will be five sessions: June 15-26, June 29-July 10, July 13-24, July 27-Aug. 7 and Aug. 10-21. Classes are available in the morning, afternoon and evening.

Classes to be held include Mommy and Me (for children ages six months to two and one-half years), Tiny Tots (ages two and one-half to five), school age beginners, advanced beginners, intermediate and advanced, private and semi-private classes for all ages and evening classes for school age and adult. Last summer more

than 400 children and adults learned to swim through the YMCA program. "The success ratio is very high because we keep the classes small, work closely with our instructors and continually stress national YMCA objectives," said Aquatics Director Jan Peterson. "Objectives for every participant," Peterson said, "are to become pool safe as soon as possible, learn a progressive list of swim skills, learn to have fun in the water, develop a good trusting relationship with the instructor and increase self-esteem, confidence and physical fitness through accomplishment."

### OC Fair Offers Fine Arts Contest

Professional, novice and youth artists are invited to enter the Fine Arts contests at the Orange County Fair, which runs July 10-19.

All work entered by Orange County residents will be juried prior to the exhibition of the top-winning entries.

In the senior department, competition is open to professional and novice artists. Pros will pay a \$5 entry fee and novices will pay \$2.50 per entry.

Both divisions will have classes open in three-dimensional sculpture, oil, watercolor and acrylic paintings, graphic drawings and prints and two-dimensional mixed media work.

Youths, under 18 years of age, can enter three-dimensional sculpture and two-dimensional framed work in the junior

department. There is no entry fee.

In addition to these competitions there will be a literary contest for those 17 and under and the sixth annual sculpture invitational will feature artist Ralph Tarzian of Laguna Beach.

Those who entered the fine arts competition last year will automatically receive the premium books giving full details on this year's competitions. People entering for the first time may call the Orange County Fair 751-FAIR to sign up on a mailing list to receive information.

Entry deadline is May 29. Literary competition entries are due May 18. All entry forms and fees must be mailed or delivered to the Orange County Fair, 88 Fair Dr., Costa Mesa, Ca. 92626.

## Coaches Athletes in Action

Greg Hayes, assistant varsity coach for the U.C.L.A. women's basketball team and graduate of El Dorado High School, will coach the Athletes in Action (AIA) women's basketball team in several games in Asia this summer.

The AIA summer team will compete in the Philippines, Korea and Taiwan, June 29 to August 4. This is the forth AIA women's tour and the first to travel to Asia. The past three teams competed

in Europe, finishing 7-0 in 1979, 8-7 in 1978 and 6-1 in 1977.

This is Hayes' third tour with AIA. He coached the 1978 and 1979 teams to winning seasons and a championship in an Italian tournament in 1978.

He has been assistant coach to the U.C.L.A. varsity basketball team for two season and is head junior varsity coach. Before moving into the women's program, he worked two years as the U.C.L.A. men's JV assistant coach. He is a

1973 graduate of El Dorado High School and son of John and Patricia Hayes of Placentia.

Hayes said he is looking forward to the tour and is hoping "to grow in my coaching and understanding of other cultures, specifically relating to Christianity."

The AIA team is part of the Campus Crusade for Christ.

AIA will be sending nine teams to various parts of the world this summer, including Asia, Europe and Latin America.

## A ROOM WITH A VIEW

# Often self-destructing homes

By Jackie Welch

Too often in Southern California are homes built on the side of a hill. The inevitable mudslides occur during the rainy season, and homes are

no longer on the side of the hill.

Why do people persist in building self-destructive homes? It's a status symbol and the view is something else (especially the one from the back patio doors — as the mud hits, it's like deciphering the pictures in an ink blot).

It's asinine the way these people spend millions of dollars annually rebuilding instead of reinforcing their homes. Some do, but sandbagging is not highly effective in preventing major slides (like another home — the one that wasn't protected — coming down to visit).

Who knows why these homeowners

simply look up rather than around. Take a song that used to be very popular: "It never rains in Southern California — it pours." Somewhere, sometime, someone had to know what life in California was like. TV stations all over the country publicize California's winter dilemmas, yet people continue to come to the land of opportunities only to find themselves wallowing in 10 feet of mud.

Who prompted to purchase one of those aerial castles, remember what's it's like on the other side of the mountain — the bottom.

## College prep offered

Fullerton College is offering a college preparation course this summer that is open to both graduating high school seniors and returning students. And, best of all, it's worth two units of credit. The four-week program, conducted by teacher Joe Borzellino, looks into time management, vocabulary building, spelling, reading speed, writing an essay, comprehension, test taking and note taking.

Course 127: College Study Skills meets from 7:30 to 10 a.m. Monday through Friday, June 15 to July 10. "It's of special value to graduating high school seniors planning to attend a college or university in the fall," said Bozellino. "Returning students will also benefit from an intensive review of critical reading, writing and study skills necessary for success in college."

Additional information on the course and/or registration procedures are available by contacting Borzellino at (714) 871-8000, ext. 305 or 306.

## El Dorado Girls Swim Team

El Dorado's girl's swim team completed a perfect season in Orange League competition with a 252 point performance, easily defeating the rest of the field in league finals held at Esperanza's pool Friday.

El Dorado's boys

team finished second to Sonora, just ahead of Esperanza.

Top swimmers will compete in preliminaries Wednesday (girls) and Thursday (boys) of this week at East Los Angeles College. Finals are scheduled for Saturday.

## Pack 732's Pinewood Derby

April 23 was Race Night for Cub Scout Pack 732. The Pinewood Derby had arrived and each contestant was absolutely sure his car would be a winner! Cars were everywhere, so many cars that the usual achievement awards were postponed until May. The cars were given wild names, and painted every color imaginable with styles

that would put Detroit to wondering. The boys' work was judged in two categories, display and speed.

Winners for display were Jason Bowe, first; Steve Vosburgh, second; with Eddie Gunderson and Trevor O'Neill tying for third. 8-year-olds with the fastest cars were Jason Conner, first; Jeff Samaripa, second; and Charley Pearson, third. 9-year-

olds were Ryan Fortini, first; Danny Almanzar, second; and Bruce Jackowski, third. For 10-year-olds, Jim Burchit, first; Trevor O'Neill, second; and Scott Pedersen, third. Jason Conner's car came in as the overall speed demon.

Also recognized for their efforts were the high sellers in the Easter egg sales, the Pack's major fun-

draiser. Belt buckles were awarded for most eggs sold the first week to Todd Biro, Den 1; Mike Cummings, Den 2; Jason Miller and Trevor O'Neill, Den 3; Ryan Fortini, Den 5; and Philip Colburn, Scott Pedersen and Bryce Wilson, all Webelos. The three top sellers drew for prizes, with Todd Biro winning tickets to Knott's; Scott Pedersen, tickets to Disneyland, and Bryce Wilson, tickets to an Angel baseball game.

The last meeting before summer break will be Thursday, May 21, 7 p.m. at Bernardo Yorba Junior High School, 5350 Fairmont Blvd., Yorba Linda. This is the most important of the year as it is the culmination of a year's work for each cub and the advancement to higher ranks. There will be a special Arrow of Light ceremony and members of two troops will be on hand to bridge Webelos joining Boy Scout troops.

The Bobcat Hunt for new recruits starts this week, so watch for school notices coming home with children. Pack representatives will be at Mabel Paine and Linda Vista schools for signups and to answer questions. Please call Jim Bowman at 528-2842 for membership information or feel free to attend the May 21 pack meeting.

## Adult criminals prosecuted

Almost 95 percent of all adult criminal defendants prosecuted in Orange County Superior Court last year were convicted

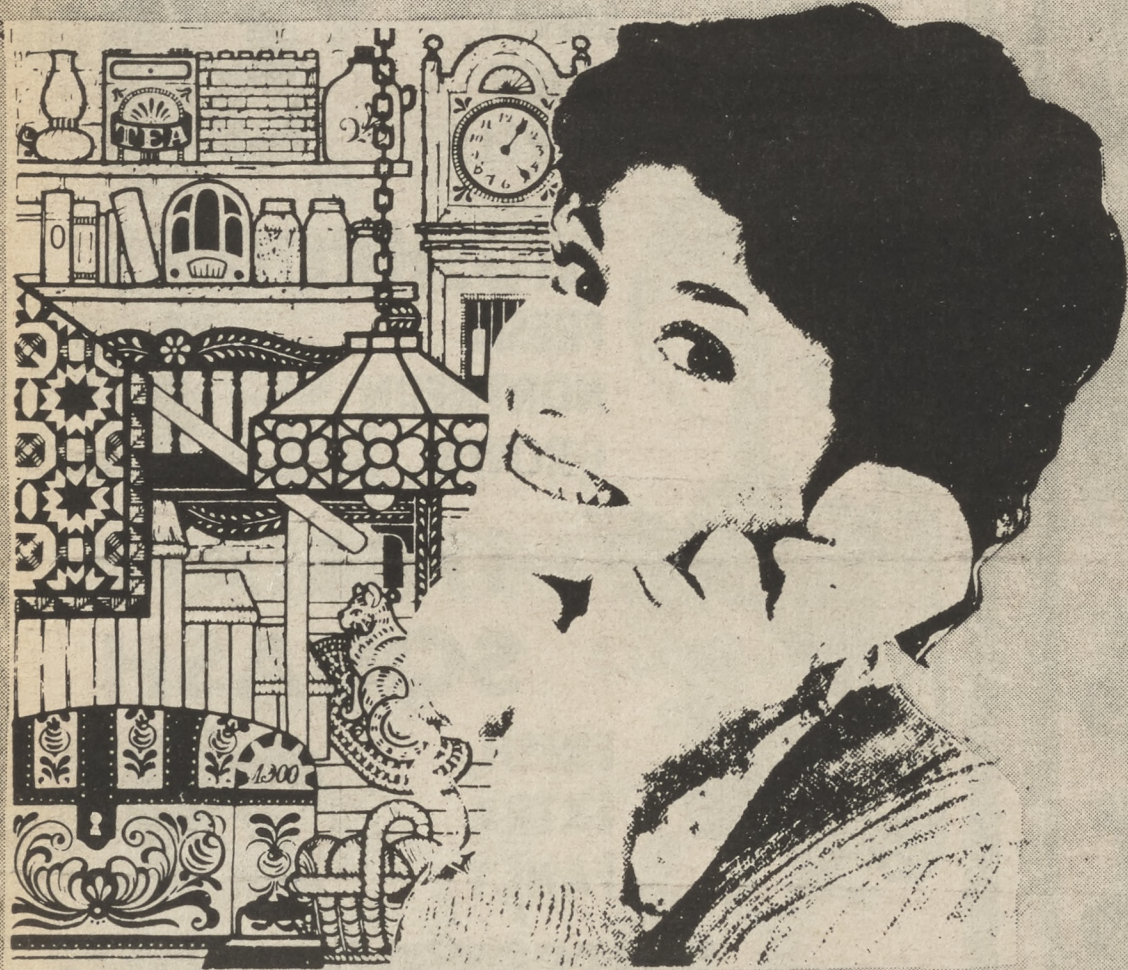

and almost all of them were sent to county jail or state prison, according to figures released by the Orange County Superior Court. "The statistics show that when a criminal defendant comes into the Orange County Superior Court, it is highly probable that he will be convicted and go to jail," concluded Superior Court Judge Philip Schwab, speaking for the court at a Santa Ana press conference.

The figures released by the court show that in 1980, only 1.3 percent of the criminal defendants in Orange County Superior Court were acquitted and 3.8 percent had their cases dismissed at the request of the district attorney. Of those convicted, approximately 95 percent were incarcerated and only about 5 percent received probation without further incarceration. In 1979, 95 percent of those convicted were sent to county jail or state prison and 5 percent were placed on probation without further incarceration.

# National Honor Society Ceremony

The "Ceremony of the Lights" will be held to install new members of the National Honor Society at Esperanza High School. The boys will be in blue tuxedos and the girls in long pastel dresses, with a garland of fresh flowers on their heads. The event will be in the Esperanza High School Theatre at 7:30 p.m. on Tuesday May 19.

Selections will be performed by the Esperanza choir, directed by Kathy Lopez.

Robert Metz, Esperanza principal, will present the introductory speech. Dr. William Yates, a member of the Placentia School Board, will be the guest speaker. Michael X. Corrado, chairman of the Esperanza Language Arts Department and National Society faculty advisor, will present the installation address.

Corrado has been instrumental in continuing the formal candlelight ceremony. "So many honor students go through

high school unnoticed, that this is a special way we can honor them," he said.

The new members to be installed are juniors who have maintained a 3.5 or better grade point average over three years, been involved in service-oriented activities on campus and have been recommended by staff members.

Members of the Esperanza High School National Honor List are:

Carlene Archibald; Deborah Arthur; Laura Bailey; Robert Barath; Karl Christoffersen; Carolyn Clark; Rosalie Cucinella; Mary Danko; Michele DeNunzio; Cynthia Emry; Brian Frederickson; Michael Gallaher; Michele Garfinkel; Christi Genung; Jennifer Kennedy; Thomas Leineberg; Paul Martin; April Meads; Heidi Raschke; Christi Reese; Patrick Reinsvold; Andrea Sarkisian; Theresa Schrietmueller; Mark Siegel; Lance Starck; Jerry Stroup; Lisa Witte.

## Sing into spring

The newly formed Orange County Children's Chorus will present its first annual series of spring concerts Friday, May 15 at Yorba Linda Library and Sunday, May 17 at St. Paul's Lutheran Church, 111 W. Las Palmas, Fullerton. Both concerts are at 7:30 p.m.

Founded in January by its director, Dorothy Foster, the chorus offers an opportunity for children grades three through eight to participate in singing, musical games and music appreciation. The group meets weekly at Rose Drive Elementary School in Yorba Linda.

The concerts, entitled "Sing to Spring," offer a variety of sacred, folk and fun songs. Featured will be

Dorothy Foster's original composition, "Jonah and the Whale," a musical drama including liturgical pantomime dance and audience participation. Assisting in the concert will be Melanie Armstrong, pianists and co-director; JoAnne Sloane, guest conductor; Susan Bartley, pianist and cellist; and Carrie Abrams, dancer. Admission is free.

Foster has an extensive background in directing and composing music for children's choirs in area churches. She is a member of the American Guild of Organists, Choral Conductor's Guild of Orange County, and is state chairman of the Composer's Today

program of the Music Teachers Association of California. She is currently organist at St. Paul's Lutheran Church.

Further information about the concerts or the Children's Chorus may be obtained by calling Dorothy Foster at 528-1450.

## Yorba Linda's country riders

The Yorba Linda Country Riders have looked forward to being invited to participate in rated parades. The first invitation came a year ago February from the Laguna Beach Patriot Day Committee. The group accepted the invitation and came away with a first place. The following year they took second place in the same parade. The Heritage Parade was another first, and the most recent parade was the very competitive Fiesta De Las Golondrinas in San Juan Capistrano in March in which the Riders won another first. More parades are ahead for the group, and hopefully more trophies. The trophies are on display in the window of City Hall.

The Country Riders enjoyed a potluck dinner May 6 and voted in their new officers. Ron Albers will take over for Jay Russell as president, Shirley Osborne, vice president; Nancy Russell, secretary; and Paul Hoffman, treasurer.

## Richardt named director

New director of education at Planned Parenthood Association of Orange County is Cheryl Richardt, whose appointment was announced by Margie Fites Seigle, executive director of the non-profit health agency.

## Medical missionary

The Missionary Committee of the Evangelical Free Church of Yorba Linda is sponsoring a drive to support the Tandala Medical Facility in Northwest Zaire. The 180-bed hospital has need of band-aids, plastic prescription bottles, cotton balls and other medical supplies.

People walk as far as 200 miles to be treated

in this hospital. Occasionally supplies have run out and the hospital has had to do without necessities such as fuel oil for sterilization, scalpels and surgical thread.

At the time of the revolution, all hospital functions were shut down, and have not yet been fully resumed. Communications and supplies are limited and unless a large

amount of assistance is received, many of the nationals will be unable to receive necessary care.

Members of the church are sponsoring a drive to collect supplies and money for postage. The Sunday School classes are sponsoring individual drives for necessary merchandise. All donations should be taken to the First Evangelical Free Church of Fullerton.

# Nature's healthy germs

Wheat germ's unique combination of natural nutrients offers an abundance of food values for little effort. Just two shakes—about ¼ cup—of wheat germ added to breakfast cereal, will aid you in getting the essential nutrients needed for a balanced diet. This small amount provides 15% of the U.S. RDA for protein, 30% for vitamin B<sub>1</sub>, 15% for vitamin E plus vital minerals. That's quite a bargain.

Here's a wheat germ summer salad for beauty inside and out. This is a tempting example of a cool refreshing meal for a warm summer day. And it has a lot more than just eye appeal. The healthful offering along with the savory wheat germ quick bread is full of essential nutrients needed to keep you looking and feeling your best. In fact, you might consider these recipes from Kretschmer Kitchens part of a beauty plan that works from the inside out.

Picture the colorful salad with a crown of wheat germ balls plus an ambrosial yogurt dressing. Cantaloupe, papaya, strawberries and pineapple are the sensational combination of luscious summer fruits shown here. The extra special ingredients however are the excellent wheat germ balls which add toasty flavor, texture and substance to the fruits. They are made of vacuum packed wheat germ—either regular or sugar and honey—sesame seeds and sunflower seeds whizzed together in the blender with butter and honey. Chill so the mixture easily forms into balls. Then roll in more wheat germ and sesame seeds.

The wheat germ balls are a superior snack idea too. Our suggestion is to make

twice the number and keep the extras for nibbling. Refrigerate them same as you do an opened jar of wheat germ and other perishables to maintain freshness.

## Wheat Germ Cheddar Bread

1 egg, beaten  
1 cup milk  
1 cup grated sharp cheddar cheese  
2 T cooking oil  
2 T minced parsley  
1½ cups biscuit mix  
¾ cup vacuum packed wheat germ, regular

Combine egg, milk, cheese, oil and one tablespoon parsley. Add biscuit mix and all but two tablespoons wheat germ. Stir to blend, but do not overmix. Turn into greased eight-inch square pan. Sprinkle with remaining parsley and wheat germ. Press lightly into batter. Bake in 400-degree oven 25 to 30 minutes or until a pick inserted into center comes out clean. Serve warm. Makes nine servings.
